

## INSTRUCTIONS FOR SIGNATURE BANK FORM

The Signature bank form asks for a few items that you may not know. Line 3 is your Signature Bank account number. Line 4 is the amount you have in your account. This is only the amount that your family deposited (and any interest, if there is any). This does NOT include the matching funds, which are in a separate account. The Israel Desk of the Jewish Alliance has the figures for both lines 3 and 4 and can fill them in for you once it receives the form.

Line 5 is the amount of line 4 that you want to receive. Your trip probably costs more than this amount, so you would only put in the same amount as you have on line 4. If your trip costs less than line 4 (including any travel costs that may come out of your own pocket), then put the lesser amount here. We can fill in this line if you are not sure how much you have in your account.

On line 6, enter "Jewish Federation of Rhode Island." The funds are sent to the Jewish Alliance, and we will issue a check to you or to your program. A line on the Application for GOI Funds tells us to whom to send the funds.

Sign on line 7. Do NOT sign at the bottom of this form. That is where we put our signature, authorizing the bank to disburse the funds.
